

5 Step Behaviour System

1) Reminder

The adult in the room will remind you to make the RIGHT choices.

2) Caution

The adult will remind you of the RIGHT choices and will talk about the consequences of not following them

3) Last chance

This is your last chance to make the RIGHT choices before facing a consequence.

4) Time Out

Take a quiet break. It's time to pause and re-set so you can come back ready to learn.

5) Repair

Spend some time reflecting on what went wrong, who was affected and how you can put it right.
