

Homework Y6 wb 18.11.24

Maths

(From Booster Sessions)

Reading

Meet the **Aurora Finch**, a vibrant, fictional bird native to the mystical forests of Eldoria. This small bird has iridescent feathers that shimmer in hues of blue and green, making it almost invisible among the forest foliage. The Aurora Finch feeds on a diet of rare fruits and insects found only in Eldoria, contributing to its unique color. It is known for its melodic song, which resembles the sound of a gentle stream. The Finch builds intricate nests high in the treetops, using twigs and leaves. Unlike most birds, it mates for life, and both parents share the responsibility of nurturing their young.

Comprehension Questions:

1. Where is the Aurora Finch native to?
2. What colors are the Aurora Finch's feathers?
3. What is unique about the diet of the Aurora Finch?
4. What does the song of the Aurora Finch resemble?
5. How do Aurora Finches differ from most birds in terms of their mating habits?

Writing

Give an idea for something that you would like to see change about our world and explain your reasons why.

This could be to do with the environment, how we travel, what we eat, or any rules that prevent children doing certain things.

What would you like to see change and why?

SPAG

Pronouns

1. In the sentence "Lily and Tom went to the park, and they played on the swings," which word is the pronoun, and what nouns does it replace?

2. Rewrite the sentence "My brother and I finished our homework, and my brother and I went outside to play," using pronouns to avoid repetition.
